EXPERTISE **Print Design, Design and Production**

my passion in designing and producing print media: logos, books, brochures, posters, business cards, stationary, etc.

Photography, Professional Quality–Digital and Film

experienced with professional lighting, shooting, processing, and printing techniques, also various cameras including: canon and nikon digital slr bodies, 35mm, 120mm, 4x5 and 8x10 inch film formats.

Web Design, HTML and CSS

building and updating basic html and css websites using adobe dreamweaver and traditional html/ css coding.

Concept and Execution, Smart Design

skilled in assessing a problem and developing a solution, refining a strong concept by distilling it to the essential elements, then executing the solution through proficient use of various desktop publishing programs.

INTERESTS **Football and Cycling, The Sportsman**

i grew up playing football (soccer), and still play in local rec leagues. i follow la liga and the english premiere league religiously. i recently picked up cycling and i love it.
